Mayor's introduction

2017 Hastings Week seems to have arrived so quickly and after last years celebrations it has been a challenge but I am delighted that we have new events for everyone to enjoy and the week is going to be busier than ever. Once again I will be at as many events as I can fit in during the whole week and I can't wait. Personally I am hoping for a dry bonfire parade this year and cannot wait to light the bonfire again. Once again I would like to thank everyone who is involved with making this such a wonderful week in the Hastings Calendar. I look forward to seeing many of you during the week so please come and say 'hello' whether it's the car show, sprat and winkle, the town crier's competition or any of the other events.

Cllr. Judy Rogers, Mayor of Hastings

Hastings Week Online

Every effort has been made to produce correct information, dates and times at the time of going to press. However, unforeseen circumstances may occur which are beyond our control. Check for any updates to this year's programme by logging on to:-

www.1066.net/hastings-week or www.visit1066country.com/events

The Hastings Week Committee cannot be held responsible for such changes which are in the hands of individuals and groups / associations.

A Note from the Chair

In the year of the 951st Anniversary of the Battle Hastings we have the opportunity to really show case the best of Hastings and build upon last year's big celebrations of the 'greatest defeats' in our country, otherwise known as 'The Battle of Hastings'. I am very pleased to welcome you on behalf of the Hastings Week Committee, Hastings Borough Council and a range of volunteers who have contributed to the programme. Every year in October, they help to provide a wide variety of events and activities for everyone to enjoy. These events are not only entertaining and educational, but also provide a great opportunity for families and friends to spend quality time together!

Again we have the favourites, such as the Classic Car Show, Jazz, a torchlight procession (by the Hastings Bonfire Society) and the fireworks, which we hope you will continue to support. Don't forget to look out for new events like the Vintage Bike Show at the Stade. I would also like to personally thank all those who have sponsored the production of the Hastings Week

Some of the Hastings Week Committee

programme 2017 and everyone who is participating and I hope you will all join in the fun and spend an exciting October with us! May I wish Hastings Week every success and all of you a most enjoyable week.

Thank you.

1066 BATTLE OF HASTINGS

ABBAY & BATTLEFIELD

Step into England's story

The English Heritage Trust is a charity, no. 1140211, and a company, no. 07447321, registered in England.

The Bowskill Trophy

Presented in memory of Cyril Bowskill who, with his wife Joan, was a great supporter of Hastings Week. From a majority vote based on public nominations, it is given to a person, group or organisation who has done most to promote the prestige of the week. Certificates of Merit are given to 'Runners up'. Everyone works so hard for the success of Hastings Week, it is always difficult to choose but it is good, and very necessary to show appreciation. Nomination Forms can be obtained from the Hastings Week Committee Secretary.

Hastings Old Town Carnival

Court with Hastings Old Town Carnival Queen Elizabeth Burgess, who also has the title "Miss Hastings" with Carnival Princesses Frankie Stewart (Left) and Harmony Crane (Right). They will be appearing at a lot of events during Hastings Week

Why Hastings Week?

14th October (now Hastings Day) was the date, 951 years ago, in 1066 when King Harold lost the Battle of Hastings. William Duke of Normandy, who was using Hastings as his base, then claimed the crown and changed the way England was governed forever. He also gave us the English language. In 1966 the 900th anniversary of the Battle was celebrated and it was such a success that Hastings Borough Council decided to mark the date every year as Hastings Day. For a time it was just a day of activities but it has grown over the years to become a

week-long celebration of art, music, walks, sport, events, and exhibitions.

The Hastings Week programme of events is put together by a band of volunteers on the Hastings Week Committee who give up their time freely; and we thank them for their continued support and enthusiasm.

Programme Production

Continuing local authority cutbacks have meant that the Hastings Week Programme is once again not produced or subsidised by Hastings Borough Council. The design and production of this booklet has been donated by Hastings Week volunteer Ion Castro who, since 2002, has also donated and maintained the website www.1066.net/hastings-week. We would like to thank the advertisers without whose contribution there would have been no funds to pay for the printing so please support them. We would also like to thank our printers, Typecast Colour, (www.typecast.co.uk) for generously sponsoring the printing of the programme.

TYPECAST COLOUR

Thank You

To the public and all participants who support everything with good cheer and enthusiasm, making it all worthwhile. The Advertisers who support our programme and make it financially viable. The Hastings Week Committee for their work throughout the year. The support of the Mayor and Deputy Mayor and of Hastings Borough Council's Marketing & Communications Department. The Hastings net shops have recently been upgraded to grade II* listed buildings because of their architectural uniqueness.

Since the 1980s, local historian Steve Peak has played a leading role in saving them, and he owns one, dating from 1835, which he preserves as a museum. Inside is a large collection of original fishing and marine artefacts, many dating from pre-World War Two. The museum is not open very often, but today you can come inside and catch a glimpse of life in the days of sail (but not if it is raining!).

Classes

Fun and skills that could save your child's life

We feel incredibly proud that we've helped save a number of very young children's lives after they've fallen into water and survived - thanks to the skills they learned with us.

Our world-class teachers could have trained as private pilots - five times over - in the time it takes to fully qualify with us. You can trust us to take the very best care of you and your little one.
